

Manually Set Up Hamptons.com E-mail on an iPhone

Follow the steps below to configure your iPhone for use with your Hamptons.com account using the IMAP Protocol.

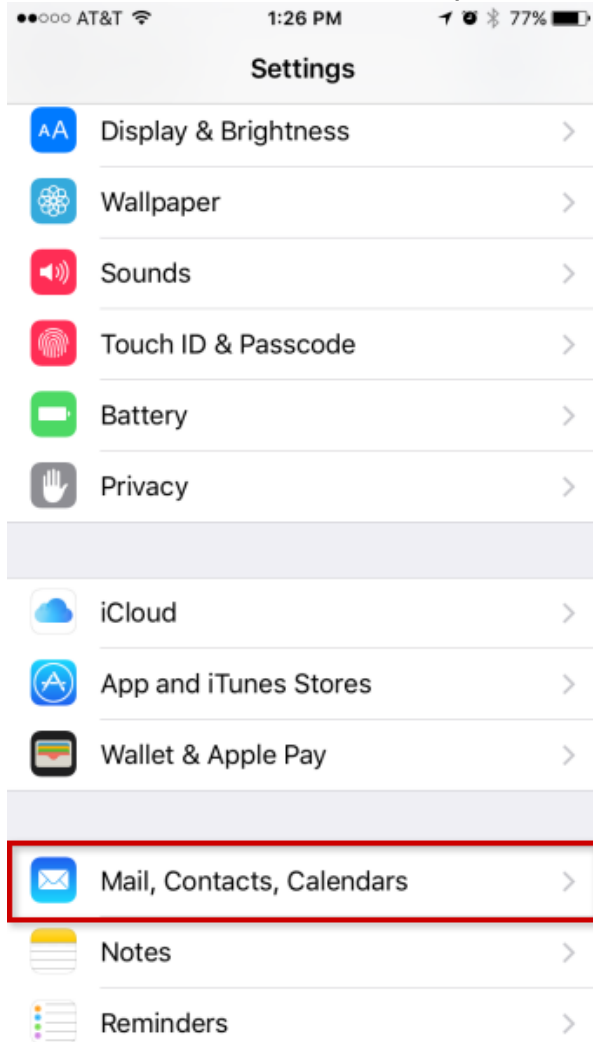

Step 1

Find and click **Settings** on your iDevice.

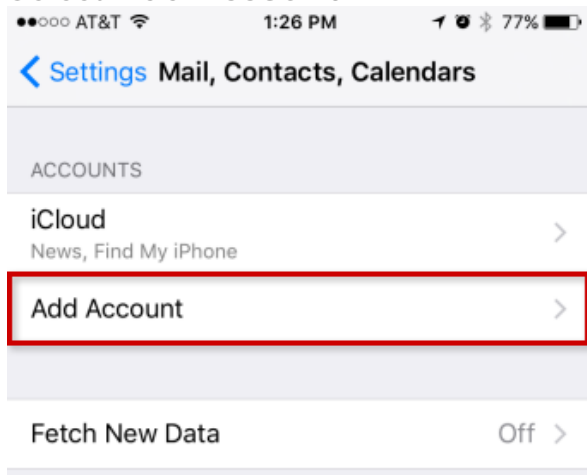

Step 2

Scroll down and select **Mail, Contacts, Calendars**.

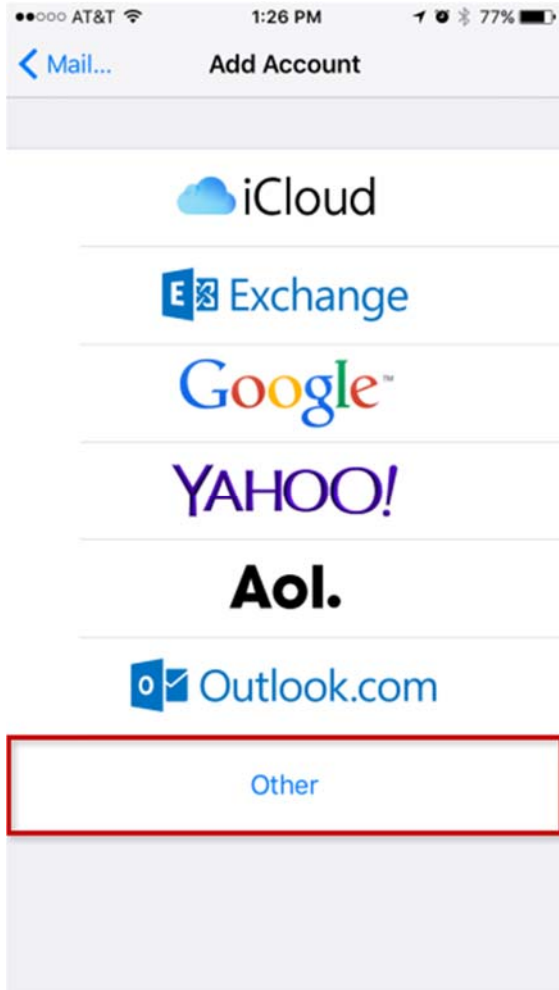

Step 3

Select **Add Account...**

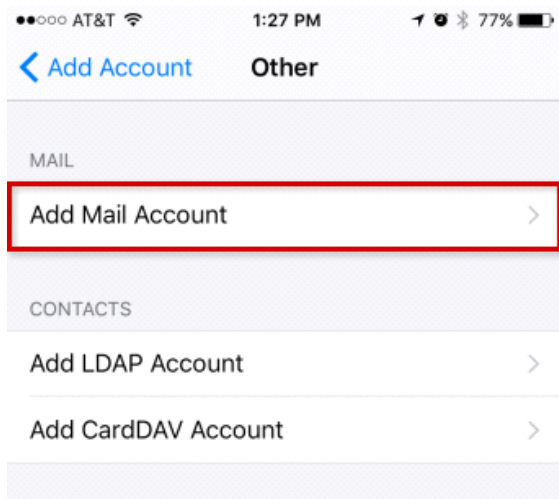

Step 4

Scroll down and select **Other**.

Step 5

Select **Add Mail Account**.

Step 6

Enter the **name** you wish to display to others when sending mail, your **full e-mail address**, and the **password** for the e-mail account.

The **description** will mirror the e-mail address by default, although you may change it to whatever you like.

IMAP POP

Name John Smith

Email Jsmith@hamptons.com

Description hamptons.com

INCOMING MAIL SERVER

Host Name mail.hamptons.com

User Name Jsmith@hamptons.com

Password ●●●●●●

Step 9

Enter **mail.hamptons.com** in the Host Name field and your **full E-mail address** in the User Name field under the Outgoing Mail Server section.

Enter the **Password** for the E-mail account.

Cancel **New Account** Next

INCOMING MAIL SERVER

Host Name mail.hamptons.com

User Name Jsmith@hamptons.com

Password ●●●●●●

OUTGOING MAIL SERVER

Host Name mail.hamptons.com

User Name Jsmith@hamptons.com

Password ●●●●●●

Step 10

Tap the **Next** button.

The screenshot shows the 'New Account' setup screen on an iPhone. At the top, there are three buttons: 'Cancel', 'New Account', and 'Next'. The 'Next' button is highlighted with a red box. Below the buttons, there are two sections: 'INCOMING MAIL SERVER' and 'OUTGOING MAIL SERVER'. Each section has three input fields: 'Host Name', 'User Name', and 'Password'. The 'Host Name' for both is 'mail.hamptons.com', and the 'User Name' is 'Jsmith@hamptons.com'. The 'Password' fields are filled with dots.

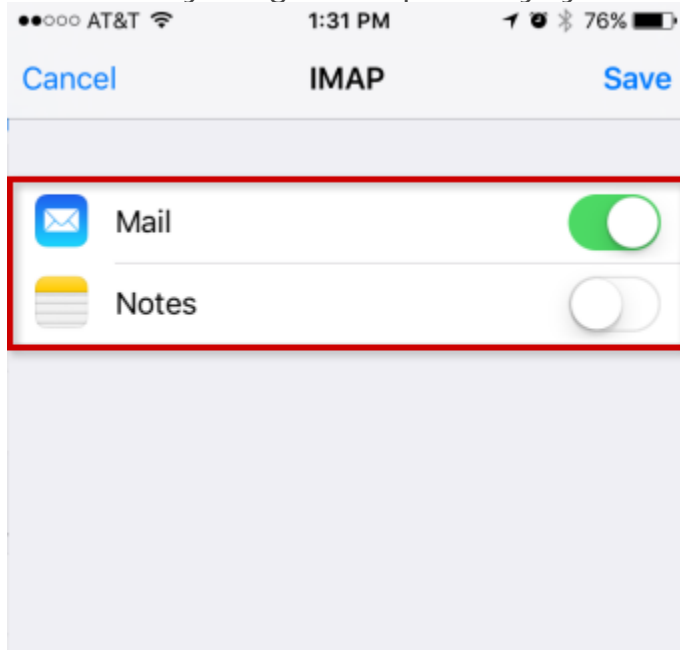

Step 11

Wait for the **"Cannot Connect Using SSL"** pop up. Select **"Yes"** to continue.

The screenshot shows a pop-up dialog box titled 'Cannot Connect Using SSL'. The dialog contains the text 'Do you want to try setting up the account without SSL?'. At the bottom of the dialog, there are two buttons: 'Yes' and 'No'. The 'Yes' button is highlighted with a red box. In the background, a form is visible with the name 'John Smith' and partially visible fields for 'E', 'D', and 'IN'.

Step 12

Turn Mail syncing **ON**. Optionally, you may also turn on Notes syncing.

Step 13

Click **Save** to complete the setup of your Hamptons.com Email account on your iPhone.
