

Troubleshooting Flash in Chrome Browser

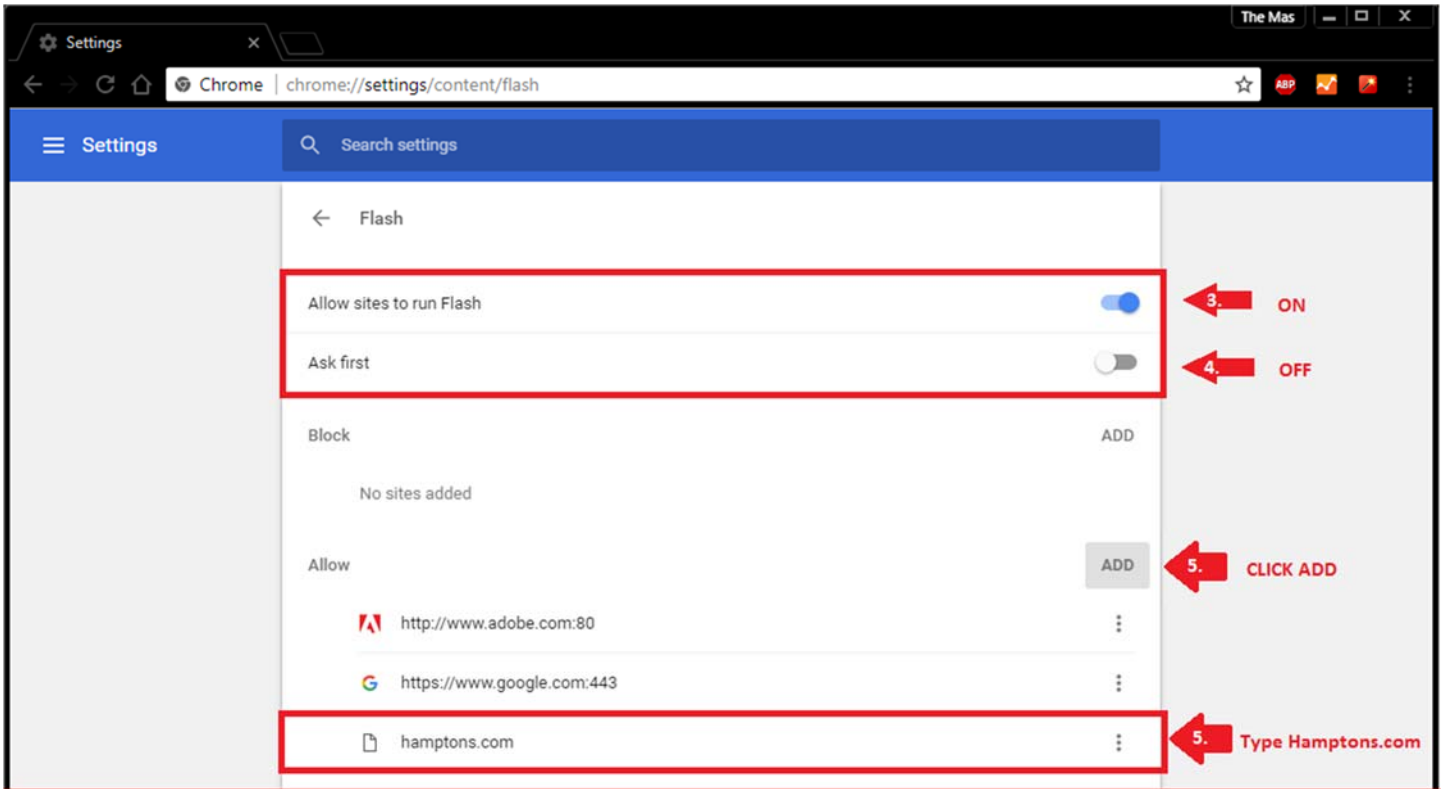

For Chrome update 55, starting January 2017, Flash will be disabled by default

How to Turn Flash Back on in Chrome

1. Put the following in the address bar:
"Chrome://settings/content" and press enter.
2. Click on "Flash" selection below.

3. Turn "Allow sites to run Flash" ON
4. Turn "Ask first" OFF
5. Click "ADD", then type "Hamptons.com"

Flash should now work in Chrome.
